SQL and Relational Databases - IBM

Training in Tech Support - GAO group of Companies

PROFILE

Motivated Computer Science graduate and fresher with a solid foundation in HTML, CSS, Bootstrap, JavaScript, and hands-on experience with Python and MySQL. Skilled in both front-end and back-end web development, with a creative edge gained through experience in Adobe Photoshop. Eager to contribute as a developer and grow in a collaborative, dynamic team environment.

INTERNSHIP EXPERIENCE

Tech Support (Squad Leader)

GAO group of Companies 2023-2024

- Led a team of interns in providing technical support to end-users, overseeing daily operations, and ensuring service level agreements were met.
- Maintained documentation of support processes and technical solutions to enhance knowledge sharing within the team.
- Resolved complex technical issues escalated by team members, ensuring a high level of customer satisfaction.

PROJECT

Expense Tracker - Python | Project - Link

- Implemented features for adding, categorizing, and viewing expenses, allowing users to monitor spending habits
- Utilized file handling CSV for storing and retrieving expense data. Integrated user-friendly interfaces to enhance usability and improve user experience

Get_Fit_with_Me - Project - Link

- Developed and designed a responsive fitness website, using HTML, CSS and Bootstrap
- Ensured full responsiveness across mobile, tablet, and desktop devices for a seamless user experience.
- Focused on delivering a visually appealing and user-friendly interface to improve overall interaction and accessibility.

To – Do List - Project - Link

- The application offers an intuitive interface for users to add, delete, and manage their tasks efficiently.
- With a responsive design, the application ensures seamless usability across various devices, enhancing accessibility for users.
- By implementing core concepts of front-end development, such as markup, styling, and interactivity, this project demonstrates proficiency in HTML, CSS, and JavaScript.

ADDITIONAL

Freelancer, Graphic Designer April - 2021 to March 2024

- Received positive client feedback and consistently met or exceeded project expectations
